- * *Our department is committed to treating everyone we encounter with kindness and compassion.*
- * *Join a dynamic organization that values innovation and embraces new technologies.*
- * *We are committed to be transparent with our community, stakeholders, and team members.*

About the Fire District

The American Canyon Fire Protection District ("District") became operational in 1955 and was formally recognized by the State of California as a "special district" in 1957. When the City of American Canyon incorporated in 1992, the District was maintained as a subsidiary special district to the City of American Canyon.

The District's response area is approximately 8 sq. miles in size and protects a population of approximately 22,000 (not including visitors). Bordered on the south by the City of Vallejo, on the west by the Napa River and on the east by Interstate 80, the District is frequently called upon to provide automatic and mutual aid to multiple agencies in Napa & Solano counties.

Services We Provide

Join our team at the Fire District and be a part of our commitment to providing exceptional FIRE SUPPRESSION, EMS, and RESCUE services to the community. Our specially developed programs are designed to meet the unique challenges of the area. Our district members are part of regional response teams such as HAZMAT and US&R, and we are recognized by Cal-OES as a Type 1 US&R single rescue.

In 2014, we began our Advanced Life Support Program (FRALS), which features daily staffing of two fire engines with at least one licensed paramedic firefighter. We also have a public-private partnership with AMR that enhances the emergency medical system in Napa County, providing a higher level of care to patients in the shortest possible time.

Compensation and Benefits

Annual salary \$91,974 - \$120,717*

**Includes 10% Paramedic Pay*

Plus, up to an additional 10% pay incentive with qualifying certifications and degrees please refer to Article 18: Educational Incentive program in the Memorandum of Agreement
