

CITY OF GILROY IS HIRING

FIREFIGHTER TRAINEE (LICENSED PARAMEDIC)

ABOUT THE POSITION

The City of Gilroy is recruiting to fill up to three Firefighter Trainee (Licensed Paramedic) positions as well as create an eligible list of candidates for future openings. The goal of the Fire Department is to provide effective and efficient fire suppression, rescue and medical response with properly trained and equipped firefighters and paramedics. Gilroy is located 28 miles south of San Jose, in Santa Clara County, and serves a diverse population base of approximately 60,000 residents. The Gilroy Fire Department serves the community from 4 stations which are strategically located throughout the city and responds to over 5,500 calls per year. Gilroy Firefighters work a 48/96 schedule and complete a variety of tasks such as structural/wild land fire response, vehicle accidents, EMS calls, public service calls, fire safety inspections, public education demonstrations and fire station tours. Additionally, firefighters conduct in-service training as well as performing routine tasks such as testing, inspecting and maintaining equipment, fire apparatus, and fire stations. Although the department has grown, it remains family oriented and our members enjoy the positive relationship they have built with the community.

Under general direction of the Fire Officer and/or Fire Academy supervisor, and in a non-sworn/non-suppression capacity, attend and participate in a Firefighter I academy/training program (meets or exceeds the standards for certification by the State Board of Fire Services and the Office of the State Fire Marshal). The Trainee is responsible to learn, train, and successfully perform all related learning and testing activities relative to the technical knowledge, skills and physical capabilities required to perform in the capacity of a State of California certified Firefighter I. The Trainee must successfully complete the Firefighter I academy/training program during the time period established for completion. Trainees will also be assigned to complete in-house training to include time with an engine company to gain firefighting and paramedic work experience. Firefighter Trainees do not possess recognized firefighter authority, but may perform firefighting duties as part of their assigned training program. However, Trainees are licensed paramedics with the ability to perform paramedic related duties as assigned. Individuals in this job classification are considered temporary, non-sworn, unrepresented, at-will employees. Appointment to a regular Firefighter position is contingent upon successful completion of:

- A Firefighter I academy/training program (meets or exceeds the standards for certification by the State Board of Fire Services and the Office of the State Fire Marshal)
- Santa Clara County paramedic accreditation and Gilroy Fire Department paramedic field evaluation process
- Attainment of a State of CA Fire Marshal's Office Firefighter I certification
- Final review and selection by the Fire Chief and City Administrator
