Current Salary:

\$23.35 - \$28.42 Hourly
\$5,682.73 - \$6,914.56 Monthly
\$68,192.72 - \$82,974.73 Annually

(Currently in benefit and salary negotiation)

The District

The Rancho Adobe Fire District is a full-service fire and rescue agency. The District operates from three stations located in the City of Cotati, Penngrove and the Liberty Valley (west of Petaluma). The District staffs three engine companies, a part-time BLS ambulance, and a 24-hour Battalion Chief. Call volume is challenging and varied but still allows time for training and exposure to the many facets that make the District a place for an exciting career. Three shifts of personnel work a 48-hour on, 96-hour off schedule. You can expect to gain expertise in the following functional areas: EMS response; Structure and Wildland Fire Suppression; Public Education; Fire Prevention; Disaster Preparedness; Hazardous Materials; Rescue Systems; Water Rescue; Confined Space as well as a significant vehicle related rescue response.

The District is currently working collaboratively with the City of Petaluma Fire Department to effectively operate as a six-station model providing service to a population of over 86,000. Long term goals to further consolidate operations and personnel are in development. The response area is a combination of urban to rural with light industrial areas intermixed. The Rancho Adobe Fire District is an Insurance Services Office (ISO) Class 4 District and recently celebrated its 25th anniversary of service to the community.

The Position

A Firefighter/Paramedic responds to fires, medical emergencies, and other emergency and non-emergency situations and takes appropriate action to protect life and property; perform various staff support assignments in addition to normal emergency response activities. The Firefighter Paramedics will initially be assigned to an engine with a potential ALS ambulance coming later. General supervision is provided by the Fire Captain, and responsibilities may include the supervision of support staff.

The Firefighter Paramedic may be assigned to an engine following a training / evaluation period performing duties with Petaluma Fire paramedic ambulance. Dependent upon collaborative efforts with Petaluma Fire Department, the Firefighter Paramedic may be rotated between an engine and ambulance positions within both agencies in accordance with MOU and policy and procedures.

Duties

Respond to calls for medical aid, including traffic collisions and rescue situations. Provide pre-hospital care, including examining patients and monitoring vital signs; establish I.V. lines, administer medications, insert airway, defibrillate heart and take other basic and advanced first aid and life support actions; communicate with hospital and or health care professionals in person or by radio; complete required reports. Restock supplies and maintain ambulances and other emergency vehicles and equipment in proper working condition.

In a fire emergency, connect supply lines, control and extinguish fires using various size hand-lines, master streams and portable water monitors; connect foam inductors and apply foam and chemicals for fire suppression and control. Utilize hand tools, hose lines and firing devices to contain and control wildfire. Deploy ladders, search buildings and rescue victims from buildings and motor vehicles sometimes using specialized power and hand tools; use various hand and power tools to obtain entry to buildings, free trapped accident victims, and provide ventilation. Participate in specialized rescue operations, water, underground and confined space situations, including the use of rigging and shoring. Contain, control, and decontaminate hazardous material spills. Participate in clean-up, salvage, overhaul operations; clean, service, and ensure operational readiness of fire vehicles, apparatus, hoses and equipment; assist with the maintenance of stations and facilities.

Participate in various staff support assignments including but not limited to: fire prevention, inspection, and maintenance of inventory records, scheduled inspection of District equipment, fire inspection, and investigation.

Work with the community in a variety of educational, public relations, and service programs; may provide CPR training classes as assigned.

May serve in higher level classification, on a relief basis if certified and/or licensed to do so; may direct the work of others, particularly in a medical emergency.

Perform related duties as assigned.

Qualifications

Knowledge of:

- Basic principles and practices of fire suppression and prevention.
- Basic principles and practices of emergency medical care at the basic and advanced life support levels.
- Safety practices and precautions pertaining to the work; basic computer report production techniques.

Education and Experience

Any combination equivalent to the education and experience likely to provide the required knowledge and abilities would be qualifying.

Education:

Equivalent to graduation from high school.

Completion of an accredited firefighter academy or possession of a California Firefighter I certificate is required.

Experience:

Ambulance experience as a Paramedic or EMT and previous firefighting experience in a volunteer or paid capacity is highly desirable.

Required Licenses/Certifications

Must possess a valid California Class C driver license.

Completion of Paramedic internship is required at the time of application. Current certification as a Paramedic in advanced life support, either through the National Registry Paramedic or State of California is required prior to a conditional job offer.

Accreditation in the County of Sonoma as an EMT-Paramedic within three months of date of hire.

Must pass and maintain physical requirements as specified by the District and be able to wear self-contained breathing apparatus.

Must be willing to work shifts as structured in the fire district.

You are required to have passed a California Candidate Physical Ability Test (CPAT) or in-house physical ability test prior to interviewing.

Applicants are required to submit proof of successful completion of a California Candidate Physical Ability Test (CPAT) at time of application. The CPAT card of completion must have an issuance date that is less than a year from the date of application for the proof to be valid. Go to <https://www.fctconline.org/candidates/upcoming-test-schedule/> for upcoming test dates.

If you do not have a valid CPAT card at the time your application is submitted, you must indicate the date and location of your scheduled test on your supplemental questionnaire. Once you have received your CPAT card, please submit a PDF copy via email to rafd@rafd.org as soon as it is available.

Highly Qualified Applicants

Applicants demonstrating the following will be rated as most highly qualified:

- Full-time paid Firefighting experience.
- Experience as EMT and/or Paramedic on an ambulance responding to emergency 911 calls.

Application and Selection Process:

Please include the following documents

1. Rancho Adobe Fire District Employment application
2. Resume
3. Verification of CPAT
4. Driver's License
5. Paramedic License
6. California State Firefighter 1

Submit via email with document formatted as PDF file to rafd@rafd.org prior to closing 5:00 pm on September 30th, 2021.

All completed application documents will be reviewed. An application submitted without complete information will not be considered. A screening committee will evaluate the qualifications of each applicant who has met the minimum requirements for the position. The highest-ranking applicants will be invited to continue in the selection process. Applicants meeting the minimum qualifications are not guaranteed advancement in the process, and the decision of the screening committee is final.

Candidates being considered for selection are subject to an oral interview, practical exercise or other qualification testing, background investigation, polygraph, pre-employment medical/psychological examination, and State of California Department of Justice fingerprint search of records. Successful candidates must pass a drug screen as part of the pre-employment medical examination to be considered for appointment. All statements made on application materials must be correct and will be subject to investigation and verification.
